## INVITATION FROM THE PRESIDENT

This year is the 43<sup>rd</sup> Annual ANZRS AI Conference and I am delighted that we are being hosted on the Cairns campus of CQUniversity.

I am very grateful to Dr Delwar Akbar and Prof Lee Di Milia in the School of Business and Law at CQUniversity for their outstanding work to host the conference at Cairns, and to organise an exciting programme of keynote speakers. This will be a conference with something for everyone with an interest in regional policy and practice.

The core theme of our conference is “Working Together to Grow: Innovations and Disruptions in Regional Development”. This theme includes several sub-themes: regional opportunities and international trade; intra and inter-regional supply and value chains; and functional region.

Among other publication opportunities, participants are welcome to submit their paper presented at the conference to the *Australasian Journal of Regional Studies*.

I hope that both the conference program and its location will be an irresistible temptation to join us in December 2019.

Rolf Gerritsen  
*ANZRS AI President, 2019*

## ABSTRACT SUBMISSION

The ANZRS AI Council invites contributions from academics, practitioners and policy advisors on any aspect of regional science for presentation at the conference. The program will include *PowerPoint presentations, academic papers* (which may be peer reviewed), *themed panels* and *special sessions* on topics in regional science theory, regional development practice or regional planning policy. The conference includes an Awards Dinner on Thursday 5th December, at which the following awards will be made.

- The John Dickinson Memorial Award for Best Paper in *AJRS*
- The ANZRS AI Award for Best Conference Paper
- The ANZRS AI Award for Best Conference Paper by a Student

The program committee welcomes contributions in the form of a PowerPoint presentation, an academic paper, or a themed panel or special session made up of three presentations. Papers that are submitted in full by the 1st of November will be double-blind peer reviewed for publication in formal conference proceedings on the ANZRS AI website. Papers submitted to the conference may also be submitted to the Association's journal, the *Australasian Journal of Regional Science*, ranked as a tier B journal by the Australian Business Deans Council.

The first step is to submit an *Abstract* giving a brief introduction to the content of the contribution or proposed special session. The abstract should be no more than 150 words, explaining the topic of the contribution and its main points or conclusions. The abstract should make clear that the topic is suitable for a conference of people engaged in regional science theory, practice or policy. Decisions will be confirmed within **two weeks** of receipt.

To submit an abstract, please go to the following website:

<https://www.anzrsai.org/conference/conference-2019/>

The program committee welcomes submissions on any aspect of regional studies, but is particularly interested in research or case studies connected to the conference's core theme of *Working Together to Grow: Innovations and Disruptions in Regional Development*. Please note: Abstracts must be submitted by 27 September and early bird registration will end on 31 October.
