Based in the Adelaide Office of the ABS, the National Centre's roles are to:

develop and disseminate data that will assist policy analysts and researchers study the underlying causes of change across rural, regional and remote Australia, support the regional priorities of Commonwealth agencies by providing relevant statistical information to assist policy planning and assessment.

The Centre also incorporates the South Australian Regional Statistics Unit (RSU) specialising in the provision of sub-state data for SA. The RSU publishes *Regional Statistics, South Australia* (Cat. No. 1362.4) annually and provides consultancy services in regional profiling.

Recent Key Projects:

RRSNC discussion paper *Use of Individual Income Tax Data for Regional Statistics*:

Experimental Estimates for Small Areas, 1995-96 and 1996-97 (Cat. No 5673.0) was released on 26 November 2001. The paper summarises a joint

ABS/ATO project using individual income tax data to provide new measures of regional labour market activity. Tables produced include profiles of wage and salary income, occupation, age and sex by statistical local areas (SLA) in Australia. Work is underway in building this time series through to 1999-2000.

The Centre of Policy Studies (CoPS) is an acknowledged world leader in computable general equilibrium (CGE) modelling. These models are widely used by government, private and university sectors in Australia and overseas. The Centre has 14 research staff, including three professors, plus 4 support staff.

The Centre operates a number of large-scale multiregional CGE models which it applies to forecasting, policy analysis and historical analysis. CoPS produces forecasts of Australian regional economies at the statistical division level. It also conducts analysis of a wide range of economic questions at the regional level, including regional development, tourism, hallmark events, major projects, energy, the environment, natural resources, labour markets, transport, industry productivity, microeconomic reform and fiscal federalism. Detailed information on the Centre's products and services can be found at our website, or by phoning the CoPS' Director-Consulting, Dr Philip Adams, on (03) 9905 5094.

CoPS provides a post-graduate research programme and conducts a number of short training courses in economic modelling each year. Prospective students should contact Associate Professor John Madden on (03) 9905 9757. The Centre also produces a suite of general-purpose economic modelling (GEMPACK) software especially suitable for general and partial equilibrium models. It can handle a wide range of economic behaviour. GEMPACK is used in over 400 organisations in over 60 countries. Potential subscribers to GEMPACK
